Team In Training

Team In Training is the world's largest and oldest sports endurance program of its kind.

Established in 1988, more than 420,000 participants have raised more than \$1 billion to aid The Leukemia & Lymphoma Society in its mission to cure leukemia, lymphoma, Hodgkin's disease and myeloma and to improve the quality of life of patients and their families.

The Leukemia & Lymphoma Society

The Leukemia & Lymphoma Society (LLS) is the world's largest voluntary health organization dedicated to funding blood cancer research and providing education and patient services. Founded in 1949, we are relentless in pursuit of our mission: Cure leukemia, lymphoma, Hodgkin's disease and myeloma, and improve the quality of life of patients and their families.

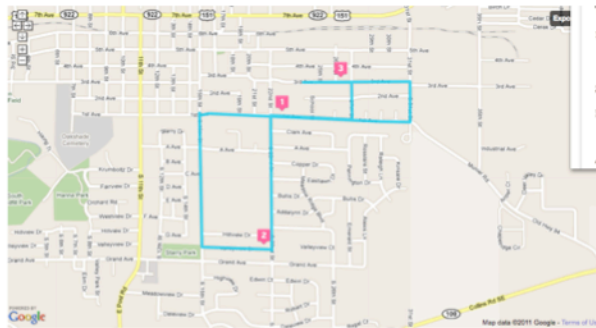

Investing in blood cancer research: LLS has invested more than \$750 million in research, approximately \$72 million in fiscal year 2010 alone. Programs like the Specialized Center of Research (SCOR), which brings together teams of scientists from different disciplines and our Translational Research Program, which funds research with a high probability of producing innovative patient treatments in an accelerated time frame, have directly contributed to many breakthrough cancer treatments.

Research funded by LLS has led or contributed to advances such as chemotherapy, bone marrow and stem cell transplantation and new, targeted oral therapies such as Gleevec®, Rituxan®, Velcade®, Thalidomid®, Revlimid®, Dacogen® and Vidaza®.

Race Information

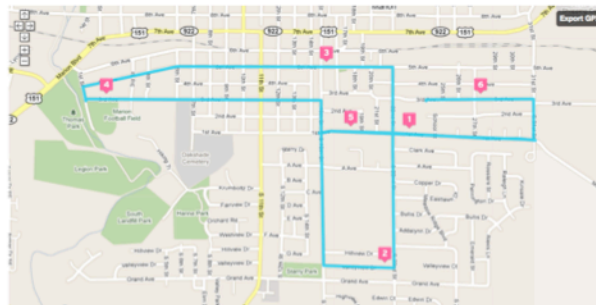

The 5k fun run/walk

This event is tailored toward all those who want to make a difference in the fight to cure blood cancers - whether a leisurely stroller or a 5k speedster. The course will be timed. Awards will be presented to Overall Male & Female. No age group awards will be presented.

The 10k run

With our course being open for only 1 1/2 hours, this race is limited to those who can maintain a 14:30 / mile pace over the 10k distance. The course will be timed. Awards will be presented to overall 10k male and 10k female, as well as age group top three finishers.
