Hi, my name is Grace McCunn, and I am 14 years old. I started raising money for Blank Children's Hospital when I was in 5th grade; I thought that I would never succeed in selling lemonade. It all started when my sister Sarah and I were both diagnosed with Chronic Daily Migraines. We both struggled. I have had to go to the hospital/emergency room 3 to 4 times. It is hard seeing other patients still in the hospital while you are leaving. That's why I decided to raise money. My first goal was \$1,000, which I thought I would never reach—but I did. My second goal was \$5,000, which I hit, and then one of the biggest goals I reached was \$10,000. So far, I have raised over \$65,000 to support and help Child Life and Blank Children's Hospital. I am now the youngest ever to receive a brick with my name on it on the donor wall. With your help and the help of all my friends, we will continue to provide support for the children at Blank Children's Hospital.

Thank you,

*Grace McCunn*
